## Inspirational Speaker

As a young adult with Cerebral Palsy, Michael encountered society's lack of awareness, limiting misconceptions, and acts of discrimination, which created significant barriers to meaningful employment. Refusing to be discouraged or deterred, he drew on his resilience, determination, and innovation to develop a unique self-advocate-preneur philosophy and initiative, freeing himself from society's restrictive perceptions and actions.

Since 1986, Michael has inspired the world with his "Can Do Attitude" and "Infectious Smile," proving that a disability can be both a valuable asset and a powerful catalyst for achieving personal growth, professional recognition, career success, and a higher quality of life.

### Acknowledgements & Awards For Being A Self-Advocate-Preneur.

In September 2014, Michael was awarded the prestigious Cathleen Lyle Murray Foundation Award from the American Academy for Cerebral Palsy and Developmental Medicine. This award recognizes outstanding individuals and non-medical professionals who have a positive and productive impact on society. Through his humanitarian efforts and self-advocacy initiatives, he has changed and enhanced the lives of people with disabilities, using entrepreneurship as a strategy and vehicle to advocate for himself. His peers have recognized his unique "self-advocate-preneur" initiatives and strategies as a humanitarian leader within the disability and business worlds.

He has been recognized as one of the top ten entrepreneurs in British Columbia by Community Futures and Western Diversity Corporation for his innovative approach to combining entrepreneurialism with self-advocacy.
